RE: Physician's and Surgeon's Certificate No. A 83927
Case No. 800-2017-029088

Public Letter of Reprimand

The Board's investigation revealed that you continued a prescription of Adderall initiated by another physician without performing an appropriate psychiatric examination or referring to a psychiatrist, issued a temporary increase in a Fentanyl prescription to treat acute pain after a hip replacement surgery, and failed to maintain adequate and accurate medical records.

These actions constitute a violation of Business and Professions Code sections 2234(c), repeated negligent acts, and 2266, failure to maintain adequate and accurate records.

Pursuant to the authority of the California Business and Professions Code section 2233, you are hereby issued this Public Letter of Reprimand by the Medical Board of California.
